The School of Education Faculty have charge of all educational matters which concern more than one department, or which are otherwise of general interest.

The immediate governance of the School is vested in its faculty, which has jurisdiction over the interest of the School, with authority to determine questions of educational and administrative policy, other than those matters, which are vested in the Executive Committee of each Department. The faculty shall be responsible for overseeing the School’s research, teaching, and service activities including promoting the school.

The members of the faculty will:
- Review and evaluate the research, teaching, and service functions of the School.

The School of Education Faculty may adopt rules and regulations for the conduct of its proceedings. The School of Education Faculty may create committees to adopt rules and regulations for their operation.

The School of Education Faculty may delegate functional authority and responsibility to committees, other groups, or administrative offices; however, such bodies or offices are accountable to the School of Education Faculty, which retains final jurisdiction over all educational matters, including affairs that involve students of general concern in the School of Education. The charge of each such committee, group, or administrative officer shall clearly state the scope of its authority, including, but not limited to, whether its role is to decide for and on behalf of the faculty (the Curriculum Committee, for example) or to develop recommendations for faculty consideration (the Academic Planning and Budget Committee, for example).

The Faculty Assembly may call for an additional faculty meeting to deal with specific issues that arise during the academic year.

Special meetings of the School of Education Faculty are held at the call of the dean, at the request of any two-department chairpersons, or on written petition of any ten members of the School of Education Faculty. The petition must include the proposed agenda and any proposed motions with supporting documentation, and must be submitted to the Faculty Assembly Coordinating Committee at least five business days before the date requested for the meeting. New items may be considered and moved to a vote with unanimous approval from qualified participants. Any special meeting requires a quorum of 15% of the voting faculty members of the current year.

The School of Education Faculty may meet in executive session where in conformity with state law governing open meetings.

The School of Education Faculty conducts its business through an elected assembly.

1.3 Conducting School of Education Faculty Business

The dean is the presiding officer of the regular School of Education Faculty meetings. If s/he is absent, the associate dean presides. In the absence of the dean and associate dean, the Chair of the Coordinating Committee shall preside.

A regular meeting of the Faculty will be held during the first four weeks of classes in the fall semester and the last four weeks of classes in the
spring semester on a Thursday between 2:00 and 4:00 p.m. Faculty members are expected to attend. A quorum of 15% of the Faculty is required for regular meetings. If there is no quorum present, the proposed items except those dealing with changes in the provisions of Chapter 1 in the UWM Policies and Procedures shall go the Faculty Assembly at its next meeting. For consideration of items involving changes in the provisions of Chapter 1, the absence of a quorum having been determined, the Faculty Assembly will be convened immediately to determine whether the items shall be submitted to the Faculty by mail ballot. The first regular meeting will include reports and discussion concerning the state of the school. These two meetings are typically scheduled during the first four weeks of classes in the fall, and the last week of instruction in the spring from 2:00-4:00 p.m. In exceptional circumstances, the date and time of the meeting may be changed at the dean’s discretion, with approval from the Faculty Assembly. For regular faculty meetings, the agenda is prepared by the Faculty Assembly Coordinating Committee.

At any meeting of the School of Education Faculty, time may be set aside for the School of Education Faculty to meet as a committee of the whole to discuss matters of general interest. The Faculty Assembly Coordinating Committee is responsible for preparing the agenda for such meetings. The dean presides over the regular all school meetings and the Chair of the Coordinating Committee over meetings of the Faculty Assembly.

Any member of the School of Education Faculty may submit a written proposal for consideration at any regular or special meeting of the faculty by submitting it to a member of the Faculty Assembly Coordinating Committee at least two weeks prior to the meeting. The agenda for both regular and special meetings of the School of Education Faculty is to be prepared and distributed at least five days prior to the meeting. To be considered for inclusion on the agenda of a faculty meeting, proposals must be submitted in writing and be accompanied by reports or statements, which the Faculty Assembly deems necessary for understanding the proposed business.

The Office of the Dean sends the agenda and supporting documents to members of the School of Education Faculty at least one week prior to regular faculty meetings.

The Faculty Assembly may put administrative actions or informational reports of any faculty committee or of any department or unit, which may appear to be suitable for ratification by “Automatic Consent,” at the head of business for any School of Education Faculty meetings. Any member of the School of Education Faculty may call up for debate any matter recommended for automatic consent.
The Office of the Dean prepares and distributes the minutes of each faculty meeting to every member of the School of Education Faculty. The minutes as distributed stand as approved under the rule for automatic consent, unless the faculty determines otherwise at the next regular or special meeting.

Documents, which are attached to the calendar of any meeting, are given identifying numbers.

Business of a confidential nature is so indicated on the agenda and in the distributed minutes by title or other brief form, and is explained on the floor.

The latest edition of "Robert's Rules of Order" governs procedures in meetings of the Faculty. The dean in consultation with the Faculty Assembly shall annually appoint a parliamentarian. Except as otherwise provided by its appropriate jurisdictional authority, the latest edition of Robert's Rules of Order is binding on all committees.

The agenda of regular meetings of the faculty includes a question period, customarily not to exceed ten minutes. Qualified participants may direct questions to the dean or chair of the Coordinating Committee. This period may be extended by a majority vote according to Robert's Rules of Order.

**Chapter 2. Organization of School of Education**

**2.1 The School**

The Faculty Assembly and standing committees are the governing bodies for Faculty in the School of Education.

The School is comprised of five Departments each with their own bylaws and Executive Committees. These Departments are:

- Administrative Leadership
- Curriculum and Instruction
- Educational Policy and Community Studies
- Educational Psychology
- Exceptional Education

The immediate governance is vested in the department’s faculty that has jurisdiction over the interests of the department, with authority to determine all departmental questions of educational and administrative policy, other than those matters that are vested in the Departmental Executive Committee. The faculty of the department shall be responsible for teaching, research, and public service and shall carry out academic planning processes on a regular basis, including, but not limited to the preparation of the academic program plans for the department.
Each Department elects a Department Chair. After receiving the results of the ballot, and following consultation with the provost, the dean appoints a chairperson from among the members of the Department holding professorial rank:

- The Term of Office of a department chairperson is one year; there is no term limit for this position.
- The chairperson of the Department serves as the official channel of communications for all matters affecting the Department as a whole between the Department and the President, the chancellor, the provost, the dean, or other university officials or departments.
- The Chairperson is a member of the department faculty, not the School's administration.

### 2.2 Departmental Executive Committee

The Executive Committee includes all full-time members of the Department holding rank of associate professor or professor, and as determined by the Executive Committee at the time of appointment to tenure rank, any person holding a part-time appointment at the rank of professor or associate professor, provided that all persons holding multiple or part-time appointments at the rank of professor or associate professor shall have membership in at least one Departmental Executive Committee. If a unit faculty so provides, assistant professors with tenure may have membership on Departmental Executive Committees.

Members of the Departmental Executive Committee who are on leave or sabbatical may participate in its decisions insofar as participation is feasible in the judgment of the Executive Committee.

The Executive Committee may designate a member to serve as secretary, and determine his or her duties.

The Departmental Executive Committee makes recommendations concerning appointments, dismissals, promotions, salaries, merit allocations, and other personnel and budget matters, which are transmitted through the chairperson to the dean. Executive Committees may delegate some of these functions to subcommittees per departmental guidelines (e.g., personnel committee).

### 2.3 The Administration

The dean is the chief executive officer of a school or college and must have been granted tenure rank upon recommendation by appropriate faculty bodies as a condition of appointment to this administrative position.
The dean or associate dean may delegate specific areas of his/her responsibilities when appropriate. Associate deans who hold responsibility for academic program and faculty personnel policies must receive tenure rank upon recommendation of appropriate faculty bodies as a condition of appointment to this administrative position. (Document 1086, 4/20/78; UWM Administration approval, 12/8/78; System Administration approval, 2/22/80)

Chapter 3. Faculty Committees

3.1 Faculty Committees

A member of the administrative staff may serve ex-officio on any faculty committee and participate by voice but not by vote.

Committees may invite individuals to serve as non-voting consultants.

3.2 Rules for Standing Faculty Committees

The School of Education faculty may create, modify, and dissolve standing committees and regulate their operations.

A faculty standing committee performs delegated functions, reports to the faculty, exists for an indefinite duration, has a majority of faculty in its voting membership, and its chair must be a faculty member.

Members of the Instructional Academic Staff of the School of Education may serve as voting members on faculty committees and administrative staff or their representatives may serve as ex-officio members. Student members must be enrolled in the School of Education as stipulated in the guidelines of each committee.
More specific information regarding appointments to committees can be found in appropriate sections of UWM documents that describe faculty governance such as the “Chapter 6: UWM Committees,” substitute “dean” for “chancellor.” When nominee is not available to fill vacancies for elected positions, the dean submits names upon advice of the Faculty Assembly (cf UWM P&P 6.24(6)).

Copies of the minutes of meetings of standing committees are distributed to the faculty of the School of Education and the Secretary of the University through the Office of the Dean.

Committees shall review their charters annually and submit an annual report that summarizes its activities and recommendations to the Faculty Assembly.

Committees that continue beyond the end of the academic year are required to submit an interim report by the end of the spring semester detailing its activities and anticipated date of completion.

3.4 Advisory and Administrative Committees

At the dean’s discretion, s/he may create advisory or administrative committees to provide advice concerning specific tasks and issues. The membership and function of such committees is the responsibility of the dean.

• The committee, however, stands ready to function as a body to conduct the original hearing when (1) the student so requests, and (2) the committee determines that the circumstances so warrant.
• The committee chairperson consults with the student making such a request to determine the appropriate appeal route.
• If it is decided by the chairperson, in consultation with the Student Appeals Committee, that the Student Appeals Committee is to be the initial appeals body, the student may not reenter the appeals system at a lower level.

3.9.6 Procedures:
• Normally, departmental appeal procedures are to be followed.
• Appeals to the Student Appeals Committee of the School of Education must occur within ten (10) working days from the date of notification to the student of the decision at the highest department or program appeal level.
• If dissatisfied with that decision, the student should submit an appeal to the Office of the Academic Associate Dean for forwarding to the Chairperson of the Student Appeals Committee. This must be done, in writing, within ten (10) working days as noted above.
• Further, a written statement must be prepared which describes the nature of the matter being appealed, the specific decision being appealed, and which provides evidence in support of the student’s position.
• Upon receipt of the written statement, the Chairperson will meet with
the student to describe the procedures of the Committee.

- The student has the right to have one person present to advise her/him at the hearing.
- The Chairperson will gather information from the other party(s) involved concerning the matter being appealed. This information will be distributed to all Committee members prior to the hearing. The student’s appeal statement will also be distributed to the Committee members.
- The faculty member(s) involved will be interviewed by the Committee during the hearing, either separately or jointly, and the Committee’s discretion.
- Any committee member may be asked, or request to be excused if the possibility of bias exists. The Chairperson, in consultation with the Committee, appoints a replacement for the duration of this particular hearing.
- If the student believes that a Committee member may be biased, this should be communicated to the Committee, accompanied by the student’s reason(s) for this allegation. The Committee, at its discretion, may excuse this member. If excused, the Chairperson will appoint a replacement member from the same department for the duration of this particular hearing.
- During the academic year, the dates for this hearing will be set within ten (10) working days from receipt of the student’s materials. The hearing occurs within thirty (30) working days of the receipt of the student’s materials.
- Appeals submitted during the summer are heard within thirty (30) days after the beginning of the fall semester.
- Meetings should be held in a closed session when information defined as student educational records under the Family Educational Rights and Privacy Act will be discussed. Questions concerning the operation of this section should be referred to the UWM Director of Legal Affairs.

### 3.9.7 Committee Deliberations:
- Upon conclusion of the hearing, the Committee discusses the appeal and formulates a decision, which will be forwarded to the Dean.
- The Chairperson communicates in writing the Committee’s decision to the student, the faculty member(s) involved and the appropriate department chairperson.
- The decision of the School of Education Student Appeals Committee is ordinarily final in academic matters.

### 3.9.8 Further Appeal:
- If the student believes that her/his rights have been violated or that she/he has not received a fair hearing from the Student Appeals Committee, the student may appeal to the Dean of the School of Education within ten (10) working days from the date of the Student
Appeals Committee decision. Such an appeal usually pertains only to procedural matters.

3.9.9 Other Procedures:
- The School of Education Student Appeals Committee serves to consider (1) appeals from decisions made adversely affecting undergraduate and certification students, and (2) any other academic matters concerning the relationship between these students and members of the faculty.
- Consider graduate student appeals which concern only teacher certification.
- The Committee will ordinarily meet at least once each semester, and such other times as appeals are brought before it. Decisions will be reported to the Dean of the School of Education.

Chapter 4: Other School of Education Committees
To accomplish the work of the School of Education, there are times when the Dean will appoint special School of Education committees. These committees fall outside of the standing faculty governance committees, but do need to interface with faculty governance committees if policy and procedure recommendations result from the committees work. For example, the following committees may be created and members appointed by the Dean:

- Travel Committee
- Charter Schools Committee
- Council on Professional Education
- Technology Committee
- Distance Education Committee

Charges to Special Committees are created and communicated to the committee by the Dean.

Special committees may make recommendations to APBC, Faculty Assembly, Curriculum Committee, Research Committee, the UEDP, the Educational Studies committee, and/or the Student appeals committee. These recommendations may include policy and or procedure changes to be considered by the Faculty.
