

## Which Action—Pause, Suspend, or Terminate

There are three ways to interrupt a student's test.

Issues During Testing

**Which Action—Pause, Suspend, or Terminate**

Student Testing Status

Keyboard Commands for Testing

Interrupt Action	Duration	Follow-up Action	Notes
Pause	Under 30 min	Resume	<ul style="list-style-type: none"><li>• Student must resume from same computer</li><li>• Test will continue with next question</li><li>• After 25 min, test becomes suspended</li></ul>
Suspend	Up to 28 days (see Notes)	Test Again (if using the same testing session)	<ul style="list-style-type: none"><li>• Student can test again in same or different testing session*</li><li>• Student can choose whether to continue with next question or start over</li><li>• 14 days is the recommended limit, because too many days of instruction between testing have the potential to influence the score</li></ul>
Terminate	Permanent	Test Again	<ul style="list-style-type: none"><li>• System discards any answers already given</li></ul>

\* Test events remain in the system even if you end or delete a testing session.
